

Sloan Launches Custom LED and Framed Mirror Solutions

New custom offerings come in response to customer requests

FRANKLIN PARK, IL (May 27, 2025) – [Sloan](#), the world’s leading manufacturer of commercial plumbing systems, is now offering custom versions of its [LED and framed mirror offerings](#).

First launched in May 2024, Sloan’s LED mirrors featured 6000K cool light in a variety of styles, while framed mirror options including Thin Frame, Angle Frame, and 2” Wide Frame in Polished Chrome, Brushed Nickel, and Graphite frame finishes elevate the restroom aesthetic.

“In its first year, we’ve seen a lot of interest in our LED and framed mirror options, particularly surrounding custom options,” said Adam Myers, Sloan Restroom Accessories and Hand Dryers Product Line Manager. “In our continued effort to provide a seamless specification process for our customers, we have now expanded our existing offering by adding custom solutions.”

Sloan’s custom capabilities include:

Custom Dimensions – Sloan’s LED mirrors first launched in a versatile 24” x 36” size, with framed mirrors also including a narrow 18” x 36” option. Lengths now extend to a maximum dimension of 42”x 84”, which can be mounted either horizontal or vertical.

Temperatures – LED light temperatures available in 3000K, 3500K, 4000K, 5000K, and 6000K.

Shapes – Sloan has the capability to meet the needs of various custom shape request from rounded to rhombus and more.

Finishes – Sloan is able to match dozens of powder coat aesthetics, as well as offering custom frosting designs.

Vandal-resistant – Sloan can offer protection from scratches, abrasions, and graffiti by including graffiti film or an acrylic film layer.
